

# INTRODUCING!!

## ZAN-FLO™ – NEXT-GENERATION CIRCULATION FORMULA

### Designed to support your patients' cardiovascular and neurological health

Zan-Flo is a triple-action formula combining L-Citrulline, Nattokinase, and Grape Seed Extract to promote optimal circulation, vascular flexibility, and healthy blood flow. By addressing multiple pathways of vascular health, Zan-Flo offers comprehensive support for both cardiovascular and neurological well-being.

#### KEY BENEFITS:

- **Supports circulation and blood vessel health** – Promotes healthy endothelial function and vascular tone.
- **Aids vascular flexibility & cardiovascular function** – Helps maintain elasticity of blood vessels for efficient circulation.
- **Provides antioxidant support for vascular integrity** – Protects vessels against oxidative stress and free radical damage.
- **Helps maintain healthy blood pressure & fibrin breakdown** – Assists in natural blood pressure balance and supports healthy clotting function.
- **Excellent support for cold extremities, neuropathy-type symptoms, and hypertension** – Provides targeted relief and circulation support.

#### WHY ZAN-FLO?

- Unlike single-ingredient supplements, Zan-Flo combines clinically studied compounds that work synergistically to improve vascular health. This makes it an ideal formula for patients who need advanced cardiovascular and neurological circulation support.

#### RECOMMENDED USE: **Non-Fasting**

Take 2-4 capsules daily
